

## **Botany**

### **2001**

- 01 Prashant Kumar Jha - Distribution, Abundance & Quantitative Assessment of Punarnava (*Boerhaavia diffusa* L.), Bhumyamalaki (*Phyllanthus amarus* Schum. & Thonn.) & Kantakari (*Solanum surattense* Burm. F.)
- 02 Piyal A. Marasinghe - The medicinal plants of Khatiya Forest and its Environs

### **2003**

- 03 Priyanka Iyengar - Medicinal Plants of Jamnagar coast with special reference to Khijadiya to Bedi Bandar including Pirotan island. L-02

### **2004**

- 04 Vasantha Kumara - Ethnobotanical & Medicinal Plants survey of Ranabarda forest Porbandar District (Gujarat), India. L-27
- 05 Manish Kumar Pandey - The study of vegetation of Jambarda forest with special reference to Medicinal Plant and Etnobotany. L-29

### **2005**

- 06 Joshi Hiral N. - Comparative Morpho-microscopic Evaluation of Leaves of few selected species of *Ocimum*. L-38

### **2006**

- 07 Ajit Lingayat - Quality Assessment of Roots of Brihatpanchmoola From Different Agroclimatic Zones of Gujarat.

## **Dravyaguna**

### **2007**

- 08 Divya Patel - Dravyavignaniya of Plant methika *Trigonella foenum-graecum*

## **Medicinal Plant Cultivation**

### **2002**

- 09 Brajeshwar - Effect of Different Agronomic Practices on Senna (*Cassia angustifolia* Vahl.) L-05

### **2003**

- 10 Alka Sharma - Alleviation of Seed Dormancy in Bakuchi (*Psoralea corylifolia* Linn.) L-03
- 11 Tarun Prajapati - Efficacy of sowing Methods and Vrikshayurveda Treatments in Cultivation of Kalmegh (*Andrographis paniculata* Nees.) L-04

### **2004**

- 12 Amita G. Sonone - Efficacy of fertilizers application and growth Regulator in cultivation of *Coleus forskohlii* (Willd.) Briq. L-18

- 13 Yograj Sharma - Efficacy of Sowing Methods Fertilizer Application and Growth Regulators in Cultivation of Chandrasura (*Lepidium Sativum* Linn.) L-20

**2005**

- 14 Dodia Shashikant D. - Efficacy of Chemical and organic Fertilizer Application on Growth and Development in (*Withania somnifera*, Dunal) L-36
- 15 Patel Bhavesh T. - Efficacy of spacing and fertilizer application on seed yield and yield attributes of Lata Kasturi (*Abelmoschus moschatus* Medic.) under middle Gujarat conditions. L-34

**2007**

- 16 Ubale Ratnadeep G. - Effect on Nitrogen and micronutrients on Growth and yield of Isabgol (*Plantago ovata*. Forsk) Var. Gujarat – Isabgol -2.

## **Pharmacognosy**

**2001**

- 17 Anjali Gupta - Microscopical evaluation of Roots of Shalparni (*Desmodium gangeticum* DC.)
- 18 Jignesh K. Kevalia - Microscopical evaluation of Roots of "Gokhru" (*Tribulus terrestris* Linn.)
- 19 Miss. Prachi - Microscopical evaluation of Roots of Kantkari (*Solanum xanthocarpum* Schrad & Wendl)

**2003**

- 20 Ganesh Muguli - Establishing the claim of Roots of *Cyclea Peltata* Diels as an official substitute of Roots of *Cissampelos Pareira* Linn. L-14
- 21 Manoj R. - Exploring an Anti Inflammatory Drug, *Myxopyrum Smilacifolium*, Blume from Folklore Practices in Kerala. L-01

**2004**

- 22 Lisha Rajan - Pharmacognostical studies of Traditionally known cathartic Root Bark Drug: *Morinda tinctoria* Roxb. *Tomentosa* (Heyne ex roth) (Rubiaceae) L-19
- 23 Manjeet Kaur Sidhu - Comparative Pharmacognostical studies of leaves of *Holarrhena antidysenterica* Wall. And *Wrightia tinctoria* R. Br. L-23
- 24 Shalima James - Pharmacognostical Studies of Wound Healing Ayurvedic Bark Drug *Lannea coromandelica* (Houtt.) Merrill. (Anacardiaceae) L-25
- 25 Mrs. Shamita Jain - Impact of Gender Variation on Quality of Roots of *Piper Longum* Linn. (*Pippalimoola*) L-26
- 26 Shonima james - Pharmcognostical Studies OF Traditionally Known Anti - Inflammatory Leaf Drug *Morinda Tinctoria* Roxb. (Var .*tomentosa* Heyne Ex Roth.) L-24

**2005**

- 27 Rachana Bhawsar - Comparative Pharmacognostical studies of Leaves and Roots of *Tragia involucrate* Linn. and *Tragia cannabina* Linn. L-30
- 28 Priyanka Dubey - Microscopic evaluation of few reputed leaf drugs used in Skin Diseases. L-35

- 29 Trivedi Falguni - Pharmacognostic evaluation of *Lycium barbarum* Linn. An anti-ageing indigenous Drug. L-33

#### 2006

- 30 Ankush Dubey - Pharmacognostical investigation of *Crinum asiaticum* Linn. (Amaryllidaceae) A source plant of "Sudarshan"
- 31 Anupam Gangopadhyay - Pharmacognostic Studies of leaf and bark an unexplored, endangered species of *Moringa* – *M. Concanensis* in comparison with *M. Oleifera*
- 32 Gireesh M. Ankad - Intra-specific variation in *Abrus precatorius* Linn.
- 33 Mr. Sunilkumar K. N. - Pharmacognostical evaluation of *Cinnamomum tamala* (Buch-Ham.) Nees and Eberm. (Tamalapatra) And Few of its allied species.

#### 2007

- 34 Jyoti Dixit - Comparative Pharmacognostical Studies of *Abutilon indicum* Sw. & *Abutilon glaucum* Sw. Seeds (Malvaceae)
- 35 Saurabh Sharma - Pharmacognostic investigation of various market samples of Umbelliferous fruits with special reference to "*Daucus carota* Linn."

#### 2008

- 36 D. Aravind - Pharmaco-botanical evaluation of the seeds of *Ctenolepis* Hook. F. species (*Sankhini*) and *Diplocyclos palmatus* (L.) C. Jeffrey (*Shivalingi*)
- 37 Kaundal Munish - Quality Standards of Three Reputed Papilionaceous Ayurvedic Seed Drugs (*Karanja*, *Palasha* and *Kulattha*)

### Pharmacognosy & Botany

#### 2008

- 38 Shreeya Kundu - Comparative Pharmacognostic Studies of 4 oil seed Drugs Erand, Danti, Dravanti & Jaipala of The Family Euphorbiaceae.

### Pharmacognosy & Phytochemical

#### 2002

- 39 Vinay Krishna - Pharmacognostical & Phytochemical studies on stems of *Salvadora Persica* Linn. & *Salvadora oleoides* Decne. L-09
- 40 Monisha kanwal - Pharmacognostical & Phytochemical evaluation of *Decalepis Hamiltonii* W. & A., The commercial source of Sariva of Ayurveda. L-06

#### 2003

- 41 Chadima W. - Pharmacognostical & Phytochemical studies of Traditionally known reputed fracture healing drug *Acronychia Pedunculata* Linn. MIQ. L-13
- 42 S. Lalitha - Pharmacognostical & Phytochemical comparative studies of *Argyreia Speciosa* Sweet – A commercial substitute of *cissampelos pareira* Linn. L-12

## Pharmacology

### 2005

- 43 Ashok B .K - Pharmacognostic And Phyto-Pharmacological investigations of Euphorbia Fusiformis Buch-Ham. (Euphorbiaceae) – A putative source of classical “Vishanika” . L-37

### 2003

- 44 Suvendu Sankar - Antidiabetic property of Barleria Prionitis Linn.: An experimental evaluation. L-16  
45 Upasana Shah - Pharmacological investigation on Acronychia pedunculata (Linn.) Miq. L-15  
46 U. Madhavi - Comparative toxicological study of purified and Non – Purified Ativisha Root. L-17

### 2004

- 47 Sangeeta R. - Pharmacological investigations in to the Ethno – Medical claims on Tuber of Kuduhunchi (Momordica tuberosa (Cogn.) Roxb.) as contraceptive agent. L-22  
48 Vipul Anand - A Pharmacological Investigation on the Antidiabetic property of “Bimbi” (Coccinia indica) W & A. L-21

### 2006

- 49 M. J. Prabhu - Ethnopharmacological investigation of Ankole Mara (Alangium salvifolium (Linn. F) Wang.) Root as Hepatoprotective Agent  
50 S. R. Patil - Pharmacological evaluation of Hypolipidaemic Activity of Ashwagandha (Withania somnifera (L.) Dunal) Leaves.

### 2008

- 51 Chavan Sulakshan S. - Pharmacological Evaluation of Wild Banana Seed. Ensete Superbum (Roxb.) with special reference to anti-hyperglycaemic & anti-diabetic activity.  
52 Gupta Varun B. - Evaluation of Specially Prepared Guduchi Taila for Gastroprotective activity.

## Phytochemical

### 2004

- 53 Hemant Kumar Soni - Studies of an unexplored folklore medicinal plant atyamlaparni (Vitis trifolia Linn.) L-28

## Phytochemical & Pharmacology

### 2001

- 54 Anshu Rathi - Phytochemical & Pharmacological studies of Shalparni (Desmodium gangeticum)  
55 Saurabh Jerath - Phytochemical & Pharmacological studies of Kantkari (Solanum xanthocarpum)

### 2002

- 56 Richa Shrivastava - Phytopharmacological investigations on the botanical source of Soma with Reference to Sarcostemma Acidum & Ceropegia Juncea. L-10

## Phytochemistry

### 2001

- 57 Parag P. Udani - A comparative Phytochemical study of Aerial Parts, Fruits & Roots of (*Tribulus terrestris* Linn.)

### 2003

- 58 Tripti Jha - Comparative Analytical Studies of different Tulsi (*Ocimum* spp.) Samples. L-11

### 2005

- 59 Poonam Sharma - Phytochemical and quality control aspects of "Pashanabheda". L-31

### 2006

- 60 K. Rakesh kumar - Comparative Phytochemical analysis of *Leptadenia reticulata* W & A and *Dregea volubilis* Linn. (Sources of "Jeevanti")
- 61 Suman Kumari - A comparative Phytochemical investigation on three "Investigation" species
- 62 Trivedi Vedangi M. - Standardization of quality control aspects of Trikatu Churna – An Ayurvedic formulation.

### 2007

- 63 Kanhaiya Kadam - Phyto-Pharmacological investigation of "*Physalis minima* Linn."
- 64 Sandip M. Lunagariya - A Comparative Phytochemical analysis of male and female species of *Carica papaya* Linn.
- 65 Manisha Sharma - Study on Extraction processes & planar chromatography of *Cissus quadrangularis* Linn.

### 2008

- 66 Gol Chiragkumar R. - Phytochemical investigation on Wild Banana *Ensete Superbum* (Roxb.)
- 67 Kakani Digisha R. - Standardization of Quality control aspects of Trimada Churna – An Ayurvedic Formulation.
